Holocaust**

The song that doesn't end takes us to The Netherlands -- the **Anne Frank House Museum** to be precise -- for a pitiful tale of the mental abuse of teenagers. No, not that of teenage diarist **Anne Frank™**, who died of typhus years before her crooked money-grubbing father made his fortune forging much of her diaries. But rather, the Marxist mind-rape of hundreds of thousands of High School students from all across the western world who are forced to make pilgrimage to this museum of mendacity for a good dose of Bolshevik brainwashing.

From the article's opening (*brace yourself!*):

*"She hid Jews?"*

*Aleatha Hinds, 17, ventured a guess about Anne Frank's identity as she waited in line for two hours recently to enter the museum devoted to that world-famous diarist, who hid with her family in a secret annex for 25 months during World War II.*

*"No, no, no!" replied several friends, all 11th and 12th graders from the St. Charles College high school in Ontario. "She **was** Jewish!" they corrected her, in unison.*

*"She was hiding in her father's factory," said Eric LeBreton, 16. "The Nazis were looking for all the Jewish people because Hitler was trying to do genocide."*

More moronic manure from the article describes what goes on in the exhibit:

*"Germany became an anti-Semitic dictatorship in which opponents feared for their lives and Jews were systematically persecuted," the narrator explains in the video. "The Nazi leader was Adolf Hitler."*

The story claims that attendance (*much of it mandatory*) to the museum has swelled to 1.3 million teary-eyed suckers and frog-marched children annually -- way up from 1 million in 2010. However, according to Slimes scribbler **Nina Siegal** (*cough, cough*), there is a growing "problem" that needs to be corrected. It is said that many of the younger and foreign visitors who flock to this Marxist magic show now have very little knowledge of the Holocaust <sup>TM</sup>. So the chosenites and their henchmen are seeking new ways to address a declining understanding of World War II and the "genocide" of "six million Jews" <sup>TM</sup>. Evidently, the dumbing-down of our young people has resulted in them not only be ignorant of *real* history, but of fake history as well!

The article quotes the museum's managing director, **Garance Reus-Deelder**:

*"We find that, with the war being further removed from all of us, but especially for young people and people from outside of Europe, our visitors don't always have sufficient prior knowledge of the Second World War to really grasp the meaning of Anne Frank and the people in hiding here, We want to make sure that Anne Frank isn't just an icon, but a portal into history."*

**Translation:** "Oy vey! Too much time has passed since World War II. The hypnotic spell is wearing off. We must intensify the mandatory Holocaust propaganda so that the new generation will let us get away with bloody murder just like previous ones have."

Ms. Deeldo (*ethnicity and "gender" unclear*) is right to be concerned because the passage of time and its associated diminishing of emotional intensity will indeed render the next generation more open to the case for "Holocaust denial" <sup>TM</sup> -- which is why we are seeing more and more hoax attacks and threats aimed at Jewish community centers, schools, synagogues and cemeteries. Think of these "attacks" as "booster shots" needed to keep Gentile sympathy at optimum levels now that 72 years have passed since the end of "The Good War."

As for little Anne Frank, her tragic death due to typhus ought to be blamed not on **The Great One**, but rather, on the Jewish Mafia which engineered and incited for the war against Germany -- a war which necessarily required Germany to intern the Jews (*the admitted enemies of Germany*) who lived in the "neutral" nations which the Germans were forced to occupy in self-defence. The culpability for the numerous cases of death-by-typhus of any innocent non-political Jews or their children rests squarely with the likes of **Roosevelt, Churchill, Stalin, Baruch, Rothschild, Sulzberger, Morgenthau** and all the rest of that evil bunch who wanted another war for Globalism/Communism.

Anne Frank was just one girl of the millions of teenagers killed during that devilish war for Globalism and Zionism. How about a few tears for the German girls who were gang-raped to death, burned to death, suffocated to death, crushed to death or starved to death by "the good guys?" There will be neither museums nor memorials for them though. No sir -- that would be "anti-Semitic" <sup>TM</sup>.
